Any objections to these results must be made in writing to Mrs J Mills by 16/09/2017

St Ives - Mrs J. Mills - 1673 XWAYS - T. Godlonton - 1638

Convoyers Report: Up early and watered birds, as it became light weather conditions were broken cloud and sun coming through, agreed liberation for 7.30am. Birds cleared immediately in one batch to the East. This is just an observation but I think they may have suffered a Hawk Attack, the batch was nearly out of sight when it suddenly split into two batches, they appeared to be getting back together when I lost sight of them.
